

WESTERLY ENFORCING AUTO LAWS

Chauffeur For Mrs. L. M. W. Foster Arrested Tuesday Evening—Under Bonds of \$200 For Hearing Friday—Bradford Can Have Trolley by Paying Its Share—North Stonington Half Breed Held on Serious Charge—More About Norwich Campers' Burglar—Ferrier-Hall Marriage.

Operations will soon begin at the big plant of the Bradford Dyeing association at Bradford, but at the start it will be necessary to run on short time, as many of the employees will reside in Westerly and the transportation facilities are meagre. The Norwich & Westerly Traction company has under consideration the extension of its system to Bradford, provided financial encouragement is given by the Bradford concern. It is argued that to build an engine the extension would be a costly experiment and with no surface indication of profit for a long period. However, with the co-operation of the Bradford Dyeing association the trolley company is in readiness to build, equip and operate the road, provided the Bradford concern will take a specified amount of stock in the enterprise.

In the opinion of the trolley company, the dyeing company should subscribe to stock to the amount of \$25,000, but the Bradford company shows disposition to subscribe to only \$5,000 worth of stock in the enterprise. It is argued that if the road is built it will be for the accommodation of the dyeing concern more than to the village of Bradford, and that therefore that company ought to bear its burden of the expense and share the loss or profit, as the case may be.

William A. Gardner, a half breed, has been arrested upon complaint of a grand juror of the town of North Stonington, on the serious charge of having carnal knowledge of a girl thirteen years of age. She is a niece of the accused, daughter of the sister of Gardner's wife. He was arrested

The automobile laws are being strictly enforced by the police of Westerly. For the first time Tuesday an arrest was made under a new section adopted at the 1912 session of the general assembly. Frank Turino, a chauffeur for Mrs. Lucy M. N. Foster, of the Foster farm on Watch Hill road, was arrested Tuesday afternoon charged with driving an automobile with the motor open and permitting the escape of smoke from the exhaust pipe. He was arrested at a special session of the third district court and pleaded not guilty. He was held for trial Friday morning in bonds of \$200, with Mrs. Foster as surety.

Local Larceny.
William Marr has purchased from James Bishop a building lot in Fairview park.

William A. Wilcox has sold the Natalie Listera college in Liberty street to Charles Orlando.

There was an enjoyable and profitable lawn party on Calvary church grounds Tuesday evening.

Miss Madeleine Mordant of New York, a moving picture artist, is the guest of the family of J. Irving Maxson in Elm street.

Mrs. James Murphy, organist of St. Patrick's church, Stonington, resident of Pawcatuck, is spending the week at Atlantic City.

Rev. John G. Dutton officiated at the funeral of Alphonse Nichols at White Rock, Tuesday afternoon. Burial was at Elver Bend.

Tramping through the dusty pathway from the railway station to the street has increased the business of local shoe shiners.

William Snyder, employed at the C. R. Corbitt & Son's company plant, had fingers of his right hand severely injured Tuesday, by being caught in the chain to a traveling crane.

Thomas McGowan, for thirty years in the employ of the Lorraine company, resigned Tuesday, after having been employed for several years.

There has been more or less trouble and unavoidable delay in trolley schedule on the Pawcatuck Valley road in lack of power. This will be observed as soon as the substitution near Minituxet brook is completed.

The commission on public roads and highways was at Watch Hill Tuesday for the purpose of issuing licenses for summer residents.

Such as do not apply will receive the attention of the Westerly police.

With the thermometer indicating ninety-six above in the shade in front of Nash's, Tuesday noon, it was the hottest day of the season by several degrees. In consequence there was very little of even hot air stirring.

Frank J. Clifton, factory inspector for Rhode Island, is at Watch Hill for a couple of weeks. During his stay he will inspect the local manufacturing plants, with special attention as to the employment of children under the age of sixteen.

Frank White has sold a lot in Grove avenue to J. J. Frank Segar, who proposes to build a cottage thereon. The barn on the premises has been razed, purchased by Max Lahn, and the material will be used in the construction of a cottage at Pleasant View.

The man should wear a coat ought to be "electrocuted" was the remark of a young man in Dixon square Tuesday. A policeman standing near put the query: "How about us fellows that must keep our heavy regulation coat buttoned to the neck?"

Because Elven, the fishman, has been ordered to vacate the premises he has so long occupied in Main street, there was a rumor to the effect that the old structure was to be razed to make way for addition to the adjoining mill property. It is authoritatively stated that there is no foundation for the rumor.

The Rhode Island Anti-Saloon league, through its legislative committee, will ask to have Memorial Day added to the three besides Sunday when it is not legal to sell intoxicating drinks. The Catholic Total Abstinence Union of Rhode Island will urge that Good Friday be included in the prohibitive list.

Capt. Cyril Wells of the Fourth company, Coast Artillery Corps, is on military duty at Fort Greble for two weeks. He is superintendent of construction of the new Westerly town hall and court house. During his absence the work will be supervised by William Williams of Providence, contractor for the building.

At a meeting of the Bristol, R. L. school committee, Miss Alice J. Williams was appointed as teacher of grade six on a yearly salary of \$126. Miss Williams was graduated from the Westerly high school, 1909, and from the State normal school the present year. She succeeded Miss Williams Brady, also of Westerly, who goes to a school in Plainfield.

The bill of Walter H. Barney of Providence, as attorney for the town of Westerly, in the suit brought and won by Courtland F. Chapman, which was presented several weeks ago, has not yet been acted upon in open meeting of the town council. It is understood that the bill is considered excessive and that Mr. Barney has been asked to reduce the amount.

Work is progressing rapidly in the excavation for changing the grade of Canal street, so that traffic will go under the bridge and thus eliminate the grade crossing. The incline will be on a five per cent. grade, but there is nothing in the agreement between town and railroad as to whether there shall be retaining wall on either side or simply a terrace of earth. It is probable that when the roadbed is completed the granite pavement will be continued to the curve in Canal street.

MYSTIC
Violator of Auto Laws Arrested by State Police—District Deputy Installs Groton Officers—Teachers Appointed.

State Policeman Robert Bridgman has been in the village for the past few days looking after the power boats to see that all have the equipment required by law. Saturday evening a power boat was coming up the Mystic river. It was not properly manned and Bridgman yelled to the man to stop the boat, which he did. The boat belongs to a man named Pike and was being run by his stepson, H. Lang. He was placed under arrest, taken before the town court and promised to have the boat placed in condition as required by law.

Installed Groton Officers.
District Deputy Grand Master Thomas Fox of Stonington lodge, No. 25, L. O. O. F., with his suite, Grand Marshal William Armstrong, Grand Warden Ernest Fish, Grand Recording Secretary Fred Ward, Grand Financial Secretary George F. Johnson, Grand Treasurer Elmer Brown, Grand Chaplain James Cooper, Grand Inside Guardian Hiram W. Fairbank, went to Groton Monday night and installed the officers of Fairview lodge, No. 101, L. O. O. F. in the district deputy and his suite were given a most cordial reception.

Family Dinner Party.
Mr. and Mrs. J. A. Pierce of Pequot avenue entertained their children at a family dinner party. At noon a fine dinner was served on the lawn. In the afternoon many carriages were seen present, who were Mr. and Mrs. Dor-

Tells Positive Cure For All Foot Troubles

Science has proven that nearly all troubles originate from a common cause; that of injured tissues. The following information will be welcomed by thousands of victims of daily foot torture. No matter how many patent medicines you have tried in vain, this treatment which was formerly known only to doctors will do the work. Don't waste time. Get it at once. "Dis-solve two table-spoonsful of a warm water. Spak the feet for a full fifteen minutes, gently rubbing the sore parts." The effects are marvelous. All pain disappears instantly and the feet feel simply delightful. Corns and callouses can be peeled right off. Bunions, aching feet and sweaty, smelly feet get immediate relief. Use this treatment a week and your foot troubles will be a thing of the past. Calceide works through the pores and removes the cause. Any drugstore has Calceide in stock or will get it from his wholesale house. Don't be influenced to take something else instead. A twenty-five cent box is said to be enough to cure the worst foot.

Parents, Mr. and Mrs. Ernest Ches-bro.
Frank Mabbett has returned from a visit to Providence.
Rev. and Mrs. Herbert Gossner have returned from a visit to New Britain.

Natural Stimulant.
Following is from "As it is," by M. J. Rodermund, M. D.: "If you are very tired, but must perform a few more hours of hard work, lie down, close your eyes, and breathe deeply and a little faster than normal for half an hour, and see how refreshed and clear your brain will be and how refreshed the body feels, and how easily you can finish your work."

Why One Still Lived.
"How many deaths?" asked the hospital physician, while going his rounds. "Nine." "Why I ordered medicine for ten." "Yes, but one wouldn't take it."

George E. Newbury of Palmer and Horace Colburn of Springfield have returned home after a week's visit in town.

Kenneth Douglas has returned to Norwich after a visit to his grand-

Anty Drudge Writes a Letter.

My dear niece Dorothy:

Don't be discouraged about your housework. Now hat Monday washing, for instance, which you say is such hard work. You have been doing it the old-fashioned hard-rubbing way, you foolish girl. In the future just you use Fels-Naptha according to directions on the wrapper, and it will be more like play than work. Then your week will be started right and everything will go well.

Affectionately,
ANTY DRUDGE.

Wash day used to mean a long day's drudgery with hot fires and steam and nasty smells. Fels-Naptha has changed all that. Fels-Naptha has made wash day as pleasant as any other day, because Fels-Naptha has made washing easy.

More than a million women are washing clothes with Fels-Naptha in cold or lukewarm water, without boiling or hard rubbing. Washday has no terrors for them. And the drudgery of household cleaning is lightened, too, by Fels-Naptha. It whitens floors, brightens paints, brings out the colors in linoleum, takes dirt off varnished surfaces without dulling the varnish, removes grease spots and stains in carpets, rugs and upholstery.

Be sure to follow directions on the Fels-Naptha red and green wrapper.

Billiousness is Bad Enough

in itself with its headaches, sour stomach, unpleasant breath and nervous depression—but nervousness brings a bad train of worse ill if it is not soon corrected. But if you will clear your system of poisonous bile you will be rid of present troubles and be secure against others which may be worse.

BEECHAM'S PILLS

act quickly and surely—they regulate the bowels, stimulate the liver and kidneys—tone the stomach. Then your blood will be purer and richer and your nerves won't bother you. The whole world over Beecham's Pills are known as a most efficient family remedy, harmless but sure in action. For all disorders of the digestive organs they are regarded as the

Best Preventive and Corrective
The directions with every box are valuable—especially for women. Sold everywhere. In boxes 10c, 25c.
